Individual Missions Support Request

CEFC congregants who engage in missions ministry may need support beyond the resources of our congregation. CEFC's Individual Missions Support provides for donations to be made and given on an individual basis aside from our STEM Fund. Those individuals seeking for CEFC to be a means of individual support should submit a completed Individual Missions Support Request Form to the CEFC Missions Committee. If eligibility is determined by the CEFC Missions Committee, an account will be set up into which donations for the individual can be made. The source and means of soliciting these donations will be up to the individual. Checks made out to CEFC should include the individual's name and trip location. When funds are needed, CEFC can send their balance directly to the organization sponsoring their trip.

Please provide us with the following basic information if you are interested in being considered for STEM funds from CEFC:
