Being Faithful

creeksidemerced.org/current-sermons.html

1. Often when talking about being ready for Christ's return fear can set in for believers. Why do you believe fear often accompanies the call to be ready?
2. How can we break down that fear and move to the correct response to being ready for Christ to return?
3. What was included in the master's praise of his first two servants?
4. Why do you think that the master did not praise the two servants differently but offered the same praise?
5. The master gave much to his servants for their faithfulness. So will believers be given high praise for their faithfulness. What will believers be given for their faithfulness?
6. When God judges believers on their faithful use of their talents and gifts, does He judge believers differently?
7. Are we being faithful? How?
8. Are we bringing God glory and not ourselves? How?
9. How are we furthering God's Kingdom?
10. In what ways are we not being faithful?
